"A Guiding Light for Kentucky's Youth..."

Dear Friend,

I am writing to request your assistance for the Boys & Girls Ranch. As you know, the Kentucky Sheriff's Boys & Girls Ranch is a non-profit, Section 501(c)(3) organization and serves boys and girls between the ages of 8 and 11 who are from low-income homes. The Ranch offers a summer camping program to these youth that is designed to build their self-esteem, moral character and teach them respect for themselves, others and law enforcement professionals.

Most of the children attending our camp would never receive this opportunity were it not for your continued support. Since our first year of operation in 1976, we have served over 30,000 youth through our camping program, which is sponsored by Kentucky Sheriffs and have found that building boys and girls is better than mending men and women.

The Ranch is located in Gilbertsville, Kentucky, just minutes from Kentucky Dam Village State Park. The camp is set on 33 acres of land, complete with wooded areas, rolling hills, a small pond, athletic fields, a swimming pool, basketball court, gymnasium, four (4) dormitories, kitchen and mess hall, our office and several other buildings used in the day to day operations of the camp.

This year we have found most all of our buildings are in dire need of roofs. Needless to say, this will be quite costly and not something we can jump into and begin doing. Bids have been solicited and, at a cost of approximately \$30,000, this is not a project we take lightly. Our goal each year is to reach as many deserving children as possible through our camping program. As we do not wish to take away from the camping program and activities, we would like to ask for your assistance and help to raise the needed monies for this roofing project. Over the years, roofs have been repaired and patched as best as possible to prevent further damage; however, this is not solving the problem nor is it a feasible option at this time.

I do realize you may have already contributed this year and thank you for your assistance, however, your help with this roofing project is greatly needed and would be deeply appreciated. If you can see your way clear to help with this project, please return your tax-deductible contribution with the top portion of this letter in the enclosed envelope. Thanking you in advance, I am

Sincerely/yours,

Sincerely yours,

JERRY B. WAGNER
Executive Director

Yes, I would like to help the Boys & Girls Ranch repair and replace the roofs on the buildings:

_____ \$50.00	_____ \$100.00	_____ \$250.00
Other \$ _____		

We also accept MC/VISA – complete below:

Account #

Exp. Date	MC	VISA
-----------	----	------
